

GOVERNOR TOM WOLF

Dear Stakeholder,

As you are likely aware, I am working hard to finalize a balanced, responsible budget for the coming fiscal year. In the event that an agreement is not reached by June 30, we know how important it will be for the administration to provide timely information to its partners to help to avoid confusion as we resolve the budget situation.

As this process unfolds, we understand the possible hardship you may experience in balancing your own budget, and we will do everything in our power to ease that burden. We partner with thousands of stakeholders, many of whom have long worked with the Commonwealth, and we will work with all of those affected by a delayed budget. As a former business owner, I understand the mutual reliance that exists between a business and its partners.

As a result of our strong relationship and mutual reliance, we ask you to continue to work with us during the ongoing budget deliberations, just as we will work to provide any outstanding payments upon passage of a budget.

For general information on the budget situation, Frequently Asked Questions are available at pa.gov/PAbudgetFAQs.

For specific payment status, please contact the Payable Services Call Center toll-free at: 1-877-435-7363 or by email at RA-PSCPaymentInquire@pa.gov. Payment status is also available via the Vendor Payments and Invoices In-Process Reports on the following website: www.vendorregistration.state.pa.us.

I understand that this process might bring hardship, but we are doing everything in our power to ease the burden on our partners and come to an agreement as quickly as possible. Thank you for your understanding and patience during this process.

Governor Tom Wolf
