

The Prospective New Administrator's Program Wide Positive Behavior Intervention and Supports (PBIS) Institute will provide early childhood program administrators with the opportunity to consider the benefits of implementing program wide PBIS and evaluate their center based program's readiness for this process. They will have the opportunity to hear from administrators who are implementing about the impact on their staff, children and family members.

**Objectives:**

After completion of this course, Participants will be able to:

- ✚ Participants will be able to:
- ✚ List the four essential components of program wide PBIS implementation.
- ✚ Describe why the strategies of core leadership team, coaching and data analysis are critical to the program wide PBIS process.
- ✚ Select one leadership or system strategy that they will implement in their own program
